SARA™ CE
Scanning And Reading Appliance

Freedom Scientific's SARA™ CE (Scanning And Reading Appliance, Camera Edition) is the next-generation self-contained scanning and reading appliance for the blind and those with low vision.

Packed with Features

The SARA CE is simple to use. Just place a printed page under the camera, and the SARA CE instantly starts reading it to you with RealSpeak™ human-sounding speech. No computer experience is needed. You don't even need to push a button to read almost any printed material – books, magazines, mail, and more. The camera automatically senses when a new page is presented.

A built-in keypad with brightly-colored tactile keys provides access to a wealth of additional features. Pause reading, move forward and backward, or hear a word spelled out. Change the reading speed and volume. Select a different voice. Scan and read in one of 18 languages. Change the scanning mode to capture bound books, and save them on the 160GB hard drive or a USB thumb drive.Read one of the 222 classic novels that come already installed.

The SARA CE talks you through each step with audible menus. There is even built-in Help and an audible onboard user manual.

SARA CE at a Glance

- Simple to use - no technical experience needed
- Automatically scans and reads printed material
- Lightning fast Optical Character Recognition
- Human-like reading voices
- Scan bound books
- Selectable languages
- Save files to hard drive or USB thumb drive
- Low vision features – connect to monitor
